

Game 1 - Rectangles

- One player uses a Blue pen, the other with Black
- Taking turns, each player colours 2 empty boxes to make a 2×1 rectangle in any orientation
- Your own colour rectangles may never share an edge, but may touch at corners
- **The last player to make a move wins** (The player to run out of moves 1st loses)
- Rock-paper-scissors to decide which player starts the first game, then **alternate** which player starts the game every round
- There are 5 rounds in total, with 2 different-sized grids. Play as many rounds as possible in **15 minutes**.

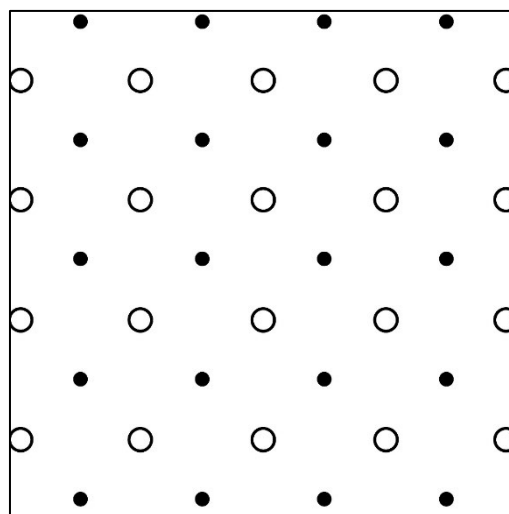

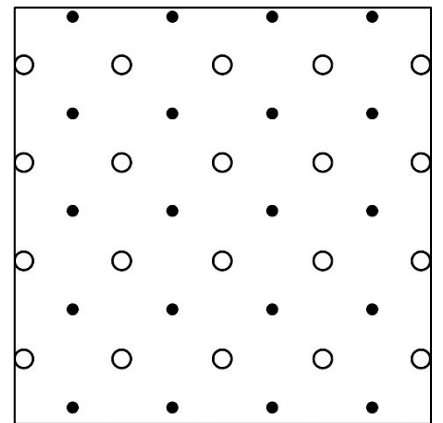

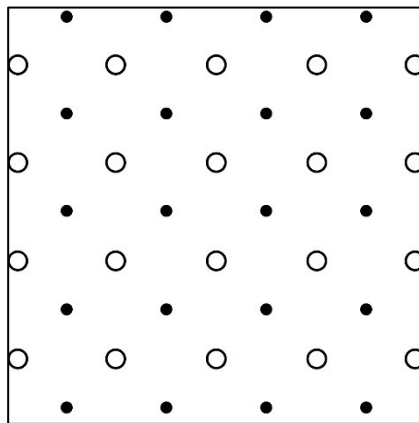

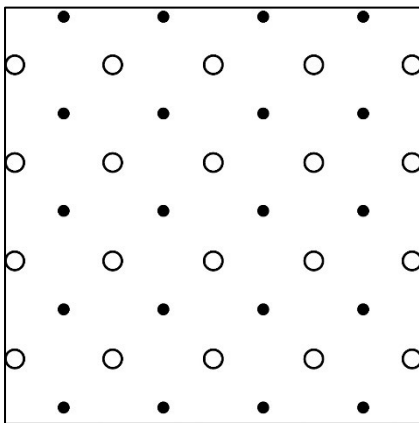

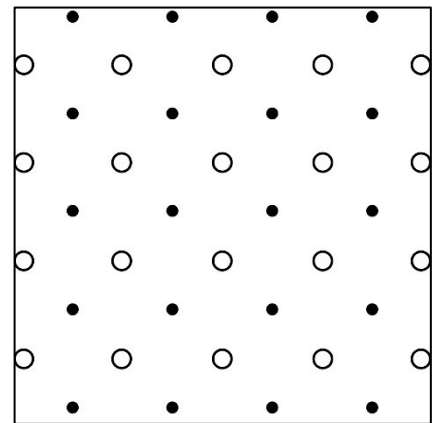

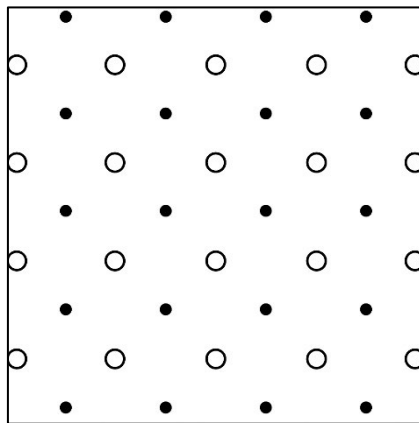

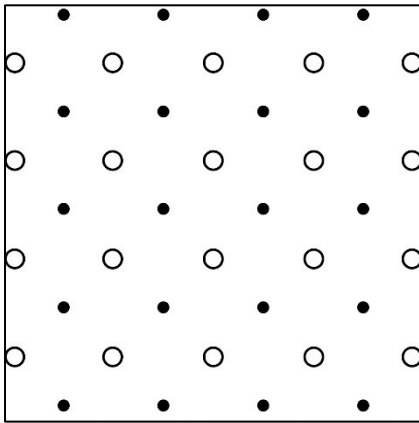

Circle the winner at the end. If draw = circle BOTH

Player 1: Team (no.) _____ Wins (no.) _____

Player 2: Team (no.) _____ Wins (no.) _____

Game 2 – Bridgit

- Player choose either Blue or Black pen to start. Players alternate between using Blue or Black pen
- Blue draws on solid (black) dots & Black draws on hollow (white) dots
- Taking turns, players draw a link (vertical or horizontal only, no diagonals) between two adjacent dots their colour is assigned to (solid or hollow)
- **The first player to form a chain connecting their designated edges wins the round** (Top to Bottom for Blue, or Left to Right for Black)
- Rock-paper-scissors to decide which player starts the first game, then **alternate** which player starts the game every round
- There are 7 rounds in total. Play as many rounds as possible in **15 minutes**.

Circle the winner at the end. If draw = circle BOTH
